The student above wishes to apply for Curricular Practical Training (CPT). CPT authorization allows the student to engage in practical training, paid or unpaid, that is an integral part of an established curriculum and is directly related to the student's major area of study. The goal of CPT must be to advance the student in his/her academic program in a specific and definable way.

As the student's Faculty Supervisor, I hereby certify that I understand the eligibility requirements for CPT as outlined above; I have read the job offer letter (attached to this application) and consider the above practical training to be an integral part of the student's curriculum; to the best of my knowledge, all of the above information is accurate.
